

Pappas Telecasting Companies' 'donation' of \$325,000 in airtime to Republican candidates in certain areas is UNAMERICAN. They are turning the public airwaves into propaganda delivery systems for the government because it is controlled by their favorites. It is smacks of Fascism.

AND it is yet another example of a handful of mass media owners abusing our publically owned airwaves.

Pappas uses the public airwaves free of charge and is obligated by law to serve the public interest, not their own. Further, their abuse shows why the license renewal process needs to be expanded and more closely scrutinized by the FCC.
